The aircraft is certified for autolandng with single engine operation down to CAT IIIA single which will require a DH of 50'. i Airbus Gotcha': If an engine-out condition is detected by the FMGC the appropriate performance page will be brought up on the MCDU with an amber EO CLR* on LSK 1R (PH 17.6.39 & 18.3.7).

Airbus A320 Aircraft Operation Manual [k5465k85pxl8]

The A340 cockpit is based on the A320. Photo: Airbus. The main differences between the A330 and A340 are, of course, in the two or four-engine setup. The A340 also has a larger wing and an additional middle rear landing gear. This middle landing gear is unusual; most heavy aircraft use two gears with increased wheels to cope with the extra load.
