A comprehensive modern reference book all about rainforests for confident readers. This book is far more than a collection of bugs and butterflies. It explores rainforests by continent, so the young reader gains firsthand experience of the contrasts between the flora and fauna of South America, Africa, and India. It introduces indigenous people who reveal age-old secrets of survival in the forest.

...

The earliest reliable date that recorded history gives for the first Olympics is 776 B.C., although virtually all historians presume that the Games began well before then. It is certain that during the midsummer of 776 B.C. a festival was held at Olympia on the highly civilized eastern coast of the Peloponnesian peninsula.

The History of the Olympic Games | Scholastic

Successful Aging uses research from developmental neuroscience and individual differences in psychology to show that sixty-plus years is a unique developmental stage that, like infancy or adolescence, has its own demands and distinct advantages. Levitin takes a scientific approach to what we all can learn from those who age joyously, as well as how to adapt our culture to take full advantage ...
