European Public Sphere

An underlying normative concern that motivates much normative and empirical research on the Europeanisation of public spheres is its crucial importance for democratic decision making. The empirical findings of this volume conclude that there is indeed evidence of such Europeanisation in the form of political contestation about matters European.

Democracy, Identity and European Public Spheres Introduction

public spheres, and mass media and collective mobilisation in particular, in the process of European integration. We want to focus on public spheres both as channels for citizen participation and the expression of citizenship identities, and as arenas in which EU policies and institutions can be held accountable and where their legitimacy is at stake.

The Transformation of Political Mobilisation and ...

The restructuring of political conflict in Europe and the ...

The basic distinction between them is that the public sphere is the realm of politics where strangers come together to engage in the free exchange of ideas, and is open to everyone, whereas the private sphere is a smaller, typically enclosed realm (like a home) that is only open to those who have permission to enter it.

Private and Public Spheres in Sociology

European Union Public Sphere A European public sphere is considered to be an important factor for social and political European integration, especially for its democratic quality, and is also understood as a space of communication between political and private sectors.

European Union Public Sphere - Essays Writers

The discussions during the Copenhagen summit (2002) illustrated well the importance of Islam in European public debate. It was perhaps on this occasion that the identity of the European Union and the meaning of Europeanness were debated for the first time, not only by politicians and technocrats, but by an involved society at large.
