Schein and Paula Bernstein is a 2007 memoir of the author's lives after they were given up by their mentally ill mother. Separated as infants, part due to the belief that raising twins in different environments allowed each to develop independently of the expectation of being mirror imaged individuals.

Strangers A
The story chronicled by
Elyse Schein and Paula
Bernstein who learned
as adults that they
were twins. As writers
and researchers,
Schein and Bernstein
uncovered the
practices of the
adoption agency and
found other twin sets
(and in one case a
triplet set) all raised
separately and
included in the study.
