BEFORE EXAMINING the problem of any possible conflict between psychological research and religion it is necessary clearly to distinguish between psychological research itself, defined as the critical scientific study of paranormal phenomena with a view to establishing their existence and their nature, and a sort of metapsychology which is, in fact, a system of religion or philosophy, such as ...

Psychical Research and Religion - Two Clearly Demarcated ...

This article examines the relation of modernism with religion, particularly spiritualism, psychological research, and the occult. It argues against the claim that one central way of defining modernity is to emphasize its rejection of religion. The article explains that modernity did not by any means put an end to the quest for spirit, but actively promoted new avenues of curiosity and research in ...
