### Roots And Patterns Hebrew Morpho

The book focuses on Hebrew, a language with rich verb morphology, where both roots and noun- and verb-creating morphology are morphologically transparent. The study of Hebrew verbs is based on a corpus of all Hebrew verb-creating roots, offering, for the first time, a survey of the full array of morpho-syntactic forms seen in the Hebrew verb.

### Amazon.com: Roots and Patterns: Hebrew Morpho-syntax ...

This book is simultaneously a theoretical study in morphosyntax and an in-depth empirical study of Hebrew. Based on Hebrew data, the book defends the status of the root as a lexical and phonological unit and argues that roots, rather than verbs or nouns, are the primitives of word formation. A central claim made throughout the book is the role of locality in word formation, teasing apart word formation from roots and word formation from existing words syntactically, semantically and ...
