\*Sacred rice, for Davidson, is not to emphasise the strictly religious meaning of rice as many classic "studies have done. Rice is a complex technical, social and ritual system" through which Jola produce, consume, and revere rice (p. 47). Beyond the local " rice complex" ", rice serves as Davidson's entry point to

Sacred Rice: An Ethnography of Identity, Environment, and Development in Rural West Africa (Oxford University Press, 2015) is a book about change. The Jola, a people living in Guinea-Bissau, have long cultivated rice and formed their social identity around its growth, but recent changes in climate, economic, political and social circumstances have rendered this a precarious existence.
