The big shift | Toronto Sun

In The Big Shift, Freedman bemoans the fact that the discussion about longer lives in America has been entirely about the staggering economic costs of a dramatically aging society when, in reality, most of the nation's 78 million boomers are not getting old -- at least not yet. The whole 60- to 80-year-old period is simply new territory, he writes, and the people in this period constitute a whole new phenomenon in the 21st century.

The Big Shift: Navigating the New Stage Beyond Midlife ...

What is the Big Shift? The Regents of the University of California set a goal for all the UC's to achieve net zero carbon emissions by 2025. UC Davis has a plan to get there and it involves a series of shifts:

Big Shift
