The end of DFID signals a reduction in expertise, less space for development at the top table, and ultimately less respect for the U.K. The era of soft power is over — for now, at least.

Opinion: The end of UK soft power | Devex

Spread the love<p>Power has a social function, Mr. Naím reminds us, so his concern is not principally for those who are supposedly in charge but for the societal breakdowns that occur when power fails. "The End of Power" makes a truly important contribution, persuasively portraying a compelling dynamic of change cutting across multiple game-boards of the global power matrix. It is a world ...
