Project Gutenberg is a wonderful source of free ebooks – particularly for academic work. However, it uses US copyright law, which isn't universal; some books listed as public domain might still be in copyright in other countries. RightsDirect explains the situation in more detail.

Understanding Variation The Key To

"Understanding Variation", however, is an easy to read and accessible guide to process behaviour charts for managers. The book is full of worked examples and is a very straightforward, yet enlightening, read. "Understanding Variation" explores the topic more fully than Brian Joiner's "Fourth Generation Management".

Understanding Variation: The Key to Managing Chaos: Donald ...

Understanding Variation: The Key to Managing Chaos by Donald Wheeler is an excellent book on, not surprisingly, the topic of understanding variation. Many people avoid understanding variation to the extent they can, worried about how challenging it will be to apply. This fear often results in people focusing on other areas of Deming's message, while ignoring the impact of understanding variation.
