850 Air Magnum Umarex

The 850 AirMagnum is a high-tech, fixed barrel, 8-shot repeating rifle that features a uniform, rapid rate of fire at a velocity of 760 feet per second! This CO2 air rifle uses a smooth, bolt-action system with a rotary magazine that holds 8 lead pellets. Up to 200 shots can be fired from one 88g CO2 cylinder.

Hammerli 850 Air Magnum .22 CO2 Pellet Air Rifle : Umarex ...

The Umarex 850 M2 is the newest generation of the airgun previously known as the Hammerli 850 AirMagnum. Like its previous incarnation, the M2 is a bolt action CO2 powered air rifle that has an 8-shot rotary magazine. These magazines are long enough for a wide variety of pellets and will also fit in the original Hammerli 850 Air Magnum.

Owner's manual - Umarex

Given how popular the Hammerli 850 AirMagnum was for years and years, Umarex was under a lot of pressure when designing its successor. The new 850M2 has everything you love about the 850, plus some upgrades! Both .177 and .22 calibers have 8 shot magazines that cycle smoothly with the operation of the side bolt.

Umarex 850M2 | CO2 Air Rifle | Airgun Depot

If you're a skilful shooter, you will discover that the Umarex 850 Air Magnum has a kill-zone accuracy to 35 yards and beyond. I am impressed by this and it is a leap ahead in the design, function and availability of a Co2 powered air rifle for hunting.

Umarex 850 Air Magnum air rifle review - Shooting UK

The Hammerli 850 AirMagnum air rifle is a high powered CO2 air rifle with no silencer. However, this is not the disappointment it might seem as many shooters like the noise! It's worth noting that the HAM team expected the sound to be much louder because it is high power CO2, so the noise still doesn't meet the norm for this type of gun.

Hammerli 850 Review - Real Power For The Real Shooter

850 Air Magnum. 2 SAFE WEAPON HANDLING EN ... Umarex Sportwaffen GmbH & Co. KG will repair or replace your weapon at no charge provided the defect was not caused by you. Return your weapon to an authorized dealer along with a description of the problem and proof of purchase.

850 Air Magnum - Umarex

The Hammerli 850 AirMagnum is a high-powered CO2 air rifle with no sound suppression system. We expected it to be pretty loud and were not disappointed! Of course, the noise level is not high compared to even a .22 LR firearm.

Hammerli 850 AirMagnum Air Rifle Test Review

For more information go to www.P65Warnings.ca.gov German quality and loaded with features, the Hammerli 850 AirMagnum is so much fun to shoot that you'll have a hard time putting it down. Let's start with the all-weather stock. You can take this gun anywhere and not worry about a fragile finish, because it's made from a durable polymer.

Hammerli 850 AirMagnum. Air rifle | Pyramyd Air

In fact, this is not a completely new product. The Umarex 850 M2 is an up-graded version of the Hammerli 850 AirMagnum. Both share a lot of similarities, both are made in Germany, however the new Umarex-branded model includes a number of worthwhile improvements. Both 850s are powered by a 88/90 Gram CO2 cartridge.
