Summary - IMDb

Morris' visual style in "The Thin Blue Line" is unlike any conventional documentary approach. Although his interviews are shot straight on, head and shoulders, there is a way his camera has of framing his subjects so that we look at them very carefully, learning as much by what we see as by what we hear.

At the time of *The Thin Blue Line*'s release in 1988 it was hailed as a new type of documentary, one that allowed for multiple points of view. These multiple views add verisimilitude without leading to confusion. Perhaps the storyline remains clear because the evidence and chosen footage lead the viewer toward certain conclusions.
