Carving is fascinating, it does not matter if you are a beginner or a more experienced craftsman, indoors or outdoors, young or old, it gives an almost meditative feeling of being in the present. Here you will find inspiration for your handicraft project, everything from creative ways to make your own knife handle to instructional videos for different carving techniques.

Morakniv | Woodcarving
I have been using this tool since spoon carving first piqued my interest in woodworking nine years ago. I set up a chopping block in a patch of woods right beside my college dorm room and spent my free time there trying to carve elegant spoons like the ones I saw in Wille Sundqvist's book "Swedish Carving Techniques."

Tim Manney Chairmaker: Turn Your Hatchet into a Carving Axe
Swedish Carving Axe A chop axe for hewing bows and other wooden objects, artistic wood carving and architectural work. The characteristic curved shape of the cutting edge, carried well above the head's eye, the position of the edge in proportion to he handle, the rather thick bit and the big angle of the wide beveled face makes this axe a good carving tool.
